Company Profile

Superior Plumbing Drainage and Gas is a commercial plumbing, drainage & gas company with extensive experience that specialises in the installation of residential, commercial and subdivision projects throughout the Perth metro area and surrounds. With over 15 years of experience, Superior Plumbing Drainage and Gas prides itself on being flexible and accommodating to the needs of all their clients.

Superior Plumbing, Drainage and Gas has extensive experience with:

- Small, medium and large-scale commercial projects
- High end residential projects
- All aspects of subdivision plumbing
- Watercorp sewer main extensions, junction cut ins
- Potable water installs and waste water treatment facilities

Superior Plumbing, Drainage & Gas has strong relationships with some of Perth's best building contractors, Superior is always up to date with the latest trends and materials available. The company offers a complete service. From design to installation and if required, management of the project to minimise the stress sorting out multiple contractors.

Key Personnel

Steve Neale – Director and licensed plumber
Courtney Dingley – Accounts manager/Bookkeeper
Kate Brockhurst – Administration manager
Chris Walker-Tassell – Site supervisor/licensed plumber

Investing in our Community

Superior Plumbing, Drainage & Gas believes in giving back to the community as we want to see local businesses succeed. We are a proud and proactive supporter and sponsor of local clubs and organisations in Perth.

"We have used Steve and his team at Superior Plumbing on a number of commercial builds and highly recommend them to anyone requiring a plumber. Their work is of the highest quality, they are reliable, honest and easy to deal with. If you're looking for a great plumber, look no further than Superior Plumbing, Drainage & Gas."

- Phil Italiano, Director, iBuild WA

Plant & Equipment

At Superior Plumbing, Drainage & Gas we pride ourselves on having the right equipment and reliable equipment for our staff to use. Regularly maintained tooling and equipment ensures we have minimal downtime and don't have breakdowns onsite.

We have 2 fully equipped maintenance vehicles servicing the Perth metro area from minor repairs such as leaking taps to excavating and replacing drainage, they can handle it all.

Our drain clearing machines and CCTV combination is constantly being set to work. The visual aspect of having CCTV camera access has improved our efficiency for clearing all types of drain blockages. We also have a 5000/22 Honda Drain Jetter to break up and blast out even the most severe blockages.

Superior Plumbing, Drainage & Gas have 4 excavators, the 1.7T Takeuchi Mini Excavator, 5T Kobelco Excavator, 10T Yanmar Excavator & 10T Kobelco Excavator, each being towed by a fully equipped truck. Along with our expert tradesmen, these machines make excavation and earthmoving a breeze.

“Superior Plumbing has a professional approach to all facets of its operation. They have the ability to provide sound advice during project design phase and through to construction. They are proficient in meeting schedule obligations and their site team exhibits complete understanding of all project documentation and its requirements. Superior deliver workmanship of a high standard & are always a pleasure to deal with.”

- Darren Hinze, Project Manager, VOS Construction
